

Material Safety Data Sheet

Section 1 – Chemical Product and Company Identification

Trade Name: top coat

Article number: 0254

Manufacture/Supplier:

Daisy's Nail Company

Unit 1, G3 business park, dolphin road, shoreham -by- sea, Sussex BN43 6AN UK

Phone no.: 447872908133 fax: 441273734899

Further information obtainable from:

Daisy's Nail Company

Information in case of emergency:

Unit 1, G3 business park, dolphin road, shoreham -by- sea, Sussex BN43 6AN UK

Phone no.:447872908133 Fax: 441273734899

E-mail: contact@thegelbottle.com

Section 2 – Composition/Data on component

Description: Mixture of the substance listed below with nonhazardous additions.

Chemical Name	INCI Name	CAS No.	EC No.	Weight (%)
PETMP	Pentaerythrityl Tetramercaptopropionate	7575-23-7	231-472-8	10.00
2-hydroxyethyl methacrylate	HEMA	868-77-9	212-782-2	30.00
Di-Trimethylolpropane Tetraacrylate		94108-97-1	302-434-9	19.00
TRIMETHYLBENZOYL PHOSPHINE OXIDE	Trimethylbenzoyl Diphenylphosphine Oxide	75980-60-8	278-355-8	5.00
Polyether-modified polysiloxane	Polyether-modified polysiloxane	157479-55-5	N/A	1.00
Polyurethane acrylate	Polyurethane acrylate	N/A	N/A	35.00

Section 3 – Hazards Identification

Hazard description:

Trade name: Steel top coat

Information pertaining to particular dangers for man and environment:

The product has to be labeled due to the calculation procedure of international guideline.

Irritate to skin, eyes.

Classification system:

The classification was made according to the latest editions of international substances lists, and expanded upon from company and literature data.

NFPA ratings (scale 0 - 4)

Health = 1

Fire = 0

Reactivity = 0

HMIS-ratings (scale 0 - 4)

Health = 1

Fire = 0

Reactivity = 0

Section 4 – First Aid Measures

General information:

Immediately remove any clothing soiled by the product.

After inhalation: In case of unconsciousness place patient stably in side position for transportation

After skin contact: Immediately wash with water and soap and rinse thoroughly.

After eye contact: Rinse opened eye for several minutes under running water. Then consult a doctor.

After swallowing: If symptoms persist consult doctor

Section 5 – Fire Fighting Measures

Suitable extinguishing agents: CO2, sand, extinguishing powder. Do not use water.

For safety reasons unsuitable extinguishing agents: Water with full jet

Protective equipment: Wear fully protective suit

Section 6 – Accidental Release Measures

Person-related safety precautions: Wear protective equipment. Keep unprotected persons away.

MSDS

No.: MSDS201810110049

Date: Oct. 11, 2018

Page 3 of 7

Trade name: Steel top coat

Measures for environmental protection:

Do not allow product to reach sewage system or any water course.
Inform respective authorities in case of seepage into water course or sewage system.
Do not allow to enter sewers/ surface or ground water.

Measures for cleaning/collecting:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
Dispose contaminated material as waste according to item 13.
Ensure adequate ventilation.
Do not flush with water or aqueous cleansing agents.

Additional information: See Section 7 for information on safe handling.

Section 7 – Handling and Storage

Handling:

Information for safe handling:

Ensure good ventilation/exhaustion at the workplace.
Avoid to contact skin and eyes.

Information about protection against explosions and fires:

Keep ignition sources away - Do not smoke.

Storage:

Requirements to be met by storerooms and receptacles:

Store in a cool location.

Information about storage in one common storage facility:

Store away from flammable substances.

Further information about storage conditions:

Keep receptacle tightly sealed.
Store in cool, dry conditions in well sealed receptacles.

Section 8 – Exposure Controls and Personal Protection

Personal protective equipment:

General protective and hygienic measures:

The usual precautionary measures for handling chemicals should be followed.

Breathing equipment:

In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use respiratory protective device that is independent of circulating air.

Protection of hands:

Trade name: Steel top coat

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.

Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

Eye protection:

Goggles recommended during refilling.

Section 9 – Physical and Chemical Properties

General Information**Form:** Liquid**Color:** Slight yellow**Odor:** Slight Irritating Odor**Melting point/Melting range:** <0°C**Boiling point/Boiling range:** No data**Flash point:** 85°C**Flammability (solid, gaseous):** Non-flammable**Auto igniting:** Not available**Danger of explosion:** Not available**Explosion limits:****Lower:** Not available**Upper:** Not available**Oxidizing properties:** Not available**Vapor pressure:** Not available**Density:** Not available**Relative density:** 1.05 (water=1)**Vapour density:** Not available**Evaporation rate:** Not available

MSDS

No.: MSDS201810110049

Date: Oct. 11, 2018

Page 5 of 7

Trade name: Steel top coat

Solubility in / Miscibility with

Water: Can not soluble in water

pH-value: 6 ~ 9

Section 10 – Chemical Stability and Reactivity Information

Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.

Materials to be avoided: Strong oxidizing agents, strong acid and strong base

Dangerous reactions: No dangerous reactions known.

Dangerous products of decomposition: CO, CO₂, nitrogen oxides if exposure to high temperature

Section 11 – Toxicological Information

No detailed information

Section 12 – Ecological Information

Additional ecological information:

General notes:

Water hazard class 1 (Self-assessment): Low hazardous for water

Do not allow product to reach ground water, water course or sewage system.

Section 13 – Disposal Considerations

Product:

Recommendation:

Smaller quantities can be disposed of with household waste.

Uncleaned packagings:

Recommendation: Disposal must be made according to official regulations.

Section 14 – Transportation Information

DOT regulations:

· **Hazard class:** N/A

· Risk phrases:

Irritate to eyes, skin

Safety phrases:

Keep out of the reach of children.

Keep container tightly closed and in a well-ventilated place.

Do not empty into drains, dispose of this material and its container at hazardous or special waste collection point.

If swallowed, seek medical advice immediately and show this container or label.

Section 16 – Other Information

The contents and format of this MSDS/SDS are in accordance with 29 CFR 1910.1200(g)

DISCLAIMER OF LIABILITY

The information in this MSDS/SDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in anyway connected with the handling, storage, use or disposal of the product. This MSDS/SDS was prepared and is to be used only for this product. If the product is used as a component in another product, this MSDS/SDS information may not be applicable.
